Dear Patients,

We are excited to offer our patients a new informational system through United Medical Physicians called **IQHealth**.

This system allows web based interactions between patients and our office. You will be able to:

- View Your Medical Record
- View your test results
- Update Your Demographics
- Request a Medication Refill
- Send and Receive a Secure Message to Your Doctor
- Request an Appointment

In order to take advantage of this new feature, we will need your email address. You will then receive an invitation from IQHealth.com to set up an account. Simply follow the prompts to activate your account; for any questions or concerns please contact the office for assistance.

We hope this new system will make communication with our office easier and more convenient. If you choose not to participate, you may still contact the office via telephone and mail.

Sincerely

Ivonne Herrera, MD
